ABOUT ME

Passionate and creative BCA student with a strong foundation in computer applications, programming, and problem-solving. Driven by a deep interest in emerging technologies and their real-world applications. Seeking a challenging opportunity in a dynamic organization where I can contribute to innovative projects, grow professionally, and support the organization's development while advancing my own skills and knowledge.

EXPERIENCE

Online Food Ordering System (Personal Project)

PHP, MySQL, HTML, CSS, JavaScript – 2025

Personal Project – Portfolio Website

shushilpathak.com.np

- Willing to participate in real-world projects and solve practical problems using my technical and creative skills.
